MEDIA ALERT

Prosper Citizen Group: Calls for the Suspension of Prosper ISD Superintendent Dr. Holly Ferguson

(PROSPER, Texas)—Prosper Citizen Group Political Action Committee issues the following statement on September 1, 2022 regarding the allegations made in recent Jane & John Doe lawsuit against Prosper ISD.

Like many in our community, the members of Prosper Citizen Group PAC have been horror-stricken by the negligence which prompted the recent lawsuit filed against Prosper ISD alleging District officials failed to protect two young girls from prolonged sexual abuse.

To be clear, the District's response to this incident is reprehensible. The allegations that Prosper ISD Superintendent Dr. Holly Ferguson encouraged the family to keep the incident quiet and failed to inform other parents of children who rode the same bus are unconscionable. These allegations are consistent with a pattern of silencing whistle-blowers and covering up issues that might tarnish the District's image.

Prosper ISD Board of Trustees have few explicit duties—hiring and firing the superintendent is chief among them. Their failure to act here is a dereliction of their duties to the citizens who elected them. The families in Prosper ISD will have no relief until there is a demonstrated measure of accountability for this horrific situation. We must be assured of a truly independent and transparent investigation with the results being released to the public.

We echo the sentiment of the community and call for the immediate suspension of Superintendent Ferguson and any other District official who had knowledge of the situation and was complicit with the silence.

We ask the public to continue praying for the children and their families, and for the Board of the Trustees to have the courage to act.

Prosper Citizen Group PAC was formed in August 2021, by parents and residents that were exhausted by the incremental progressive agenda in their school halls and Town Hall. The PAC mission is to advocate, educate and press for policies and candidates that support Texas Constitutional values, including individual liberty, limited government, transparency, accountability and fiscal responsibility.
